Email

Phone

I am interested in conserving the natural resources of my property. I desire assistance in developing a conservation plan, which will be based on proper management of my natural resources and the needs of my enterprise. I will cooperate in establishing the conservation practices called for in my conservation plan, which are acceptable and feasible for me to install.

The Conservation District will make available the technical assistance required to develop the plan and to implement the resource management systems as described in the plan.

It is understood that neither the District representative nor landowner will be liable for any damages to the other's property or personal injury resulting from carrying out the conservation plan in accordance with all applicable federal, state, and local permitting requirements.

This agreement will remain in effect until terminated in writing by either party.
