

Making Conservation Work For You!

Little Kanawha Conservation District

We provide education, technical assistance, partnerships, and contracts for local resources to help our residents conserve their lands and our environment for a cleaner, healthier, economically stronger **Little Kanawha** Conservation District.

Services We Provide:

Conservation Equipment Rentals
Educational Workshops and Field Days
Soil and Forage Testing Services
Technical Assistance for Landowners and Farmers
Water Quality Protection
Watershed Education
Student programs/contests
Cost-share Programs:
Lime
Water Developments
Heavy Use Area Protection
Pasture Division Fencing
Critical Area Planting

These are all subject to change. The District is always trying to find better ways to improve the environment for a better tomorrow.

Working Together For the Future

The mission of the Little Kanawha Conservation District is to provide local self government leadership and initiative in the development and conservation of soil, water and related resources. A balanced planning, education, and management program that protects, restores, and improves those resources will be accomplished in cooperation with landowners, government agencies, and private organizations.
