

**Minutes of the GVCD Regular Board Meeting  
July 16, 2020**

The Greenbrier Valley Conservation District Board of Supervisors met on Thursday, July 16, 2020, at 7pm, at the Lewisburg USDA Service Center. This meeting was primarily virtual, to comply with social distancing recommendations during the COVID 19 pandemic. Call-in information was posted with the agenda, to comply with open meetings rules. Those attending were:

**Supervisors Participating by telephone:**

Gary Sawyers  
Timothy VanReenen  
Avery Atkins  
Jerry Clifton  
Carolyn Miller

**Supervisors Present:**

Gary Truex

**Supervisors Absent:**

None

**Others:**

Mike McMunigal (WVCA)  
Linda Ortiz (NRCS)  
Judith Lyons (WVCA) (by Skype)  
Jeremy Salyer (WVCA) (by phone)  
Barry Level (GVCD)  
Lynn Woods (WVCA)

**Call to Order**

Chairman Gary Sawyers called the meeting to order at 7:08pm.

**Approval of Minutes**

Motion was made by Gary Truex and seconded by Timothy VanReenen to approve the minutes of the June 18, 2020 regular board meeting and the June 25, 2020 special board meeting. Motion passed.

### **Guests**

Chairman Sawyers announced that Judith Lyons would be giving her Watershed report at this time due to other schedule obligations. Judith provided a written report, which is attached. She reported that the 7-1-3U agreement and sub-agreement between GVCD, WVCA, and the Greenbrier County Commission (GCC) had been signed. Regarding the sub-agreement, the GCC will be advertising a contract in the newspaper, as required, and will be running the contract. The WVCA will provide technical assistance and job oversight. There are currently four sites selected. Judith will keep the District posted on progress. Also, Judith is working on similar baseline agreements to present to Monroe and Pocahontas counties for consideration. CCRs and Stream Permit apps have resumed. Marlin Run was mowed by SCD. DEP complimented their work. A decision needs to be made on Howards Creek O&M. Judith reported that the City of White Sulphur Springs is now interested in taking sole responsibility for the weir section of the channel so that local contractors can remove and reuse the sediment material, rather than removing or modifying it. Discussion ensued. All parties to the O&M agreement (City of WSS, GVCD, and WVCA) would have to agree on any amendments. Before any such amendment, an analysis of upstream and downstream effects and potential problems is needed and all parties need to be involved. It was the consensus of the Supervisors, at this point, that if the City wants to assume sole responsibility that it should be for the entire channel, not just a section. Judith will let the District know when an on-site meeting is scheduled.

### **District Manager Report**

Lynn Woods reviewed a written report, which is attached.

### **Funding Requests**

Chairman Sawyers presented the following LORs for approval:

- LOR #11457 - CD Employee Reimbursement 4 - \$10,965.70

**Carolyn Miller moved and Timothy VanReenen seconded the motion to send LOR #11457 - CD Employee Reimbursement 4 in the amount of \$10,965.70. Motion passed.**

- *WV Division of Forestry* – No report
- *FSA* – No report
- *WVCA* - Jeremy Salyer reviewed his written report, which is attached. Items he noted were nominations for awards, starting the Agreed Upon Procedures process, teleworking will continue for quite some time, WVCA involvement in the WVACD quarterly meeting will be written reports only, and so far, there are no budget cuts for the new fiscal year.

Chairman Sawyers asked Lynn to put awards nominations on the August agenda.

### **Unfinished Business**

- Discussion about the purchase of chairs was postponed. Lynn Woods noted that, considering the construction of the new wall, it would be best to wait and reassess the office space upon completion.

- See District Manager's report for Coronavirus (COVID 19) response update. WVCA teleworking will continue for the foreseeable future.

Riprap will be reused elsewhere on the hatchery site. The hatchery manager has purchased and will have installed by hatchery personnel, materials for a rubberized expansion joint, to address the gap/trip hazard issue on the bridge. Discussion ensued and Mike answered questions from the Supervisors. Results of these efforts will be submitted to CEC for review. The District still wants a letter from CEC stating that all the issues have been addressed satisfactorily.
- Mike also reported that USFW had received \$10,000 in funding to make modifications to existing upstream structures and John Nelson and Ross Tuckwiller will be providing technical assistance.

## **GVCD District Manager Report**

*July 16, 2020*

COVID 19 update:

The GVCD office remains closed to the public, with all WVCA staff teleworking and/or performing approved field work with social distancing measures. Our USDA office is also closed to walk-in traffic. We have posted all staff cell phone numbers on the front and back doors of the building with a notice that we are still working and can be reached by phone. Our office phone has an outgoing message referring calls to the cell phone provided to me by the WVCA or to the Equipment Coordinator for equipment related calls. I have posted all this information on our District Facebook page as well.

Equipment rental operation has remained open with the following procedures: All scheduling is done by telephone. No one is allowed inside the building. Coordinator uses proper social distancing and sanitizes hand controls and hitches between rentals. Drop box is available for paperwork and/or payment. The Coordinator has met with me weekly to turn in payments and paperwork for billing. In an abundance of caution, on July 13, 2020, equipment rental was temporarily suspended, pending COVID 19 test results of a person with whom coordinator had contact.

Our Grassland Technician has been teleworking and conducting field work with social distancing measures to do Grass Tech visits, soil samples, and AgEP signups for FY21. Our FY21 AgEP program has been advertised and sign-ups will take place through July 31, 2020. Flyers are available if you want some to share.

Cabinetry and building supplies for the new office entryway/barrier have arrived and the frame has been constructed; however, this project is also delayed until Eugene is able to do the construction. Once the cabinets are installed, the designer will measure for and order counter tops, so we are still looking at several weeks for completion.

I have forwarded to all of you, by email, a copy of the Governor's mandatory mask order.

Some hand sanitizer and sanitizing wipes have been purchased. This will be an ongoing need.

I am still coming to the office one to two days per week to conduct essential business that cannot be done remotely (i.e. bank deposits, mail, etc.) I have stayed in contact with the District Supervisors by phone, email, and when necessary, regular mail. I have also been in contact with staff and Area Director on a regular basis. I am in touch with the District bookkeeper and DFO at Guthrie by email and scan documents to them as needed. Gary Truex has come to the office to meet me whenever signatures have been needed (usually once a week.)

SWA Appointments/Re-appointment notifications were made all communicated to each appointee, each county board, each county commission, and the state board.

Officers who will serve for the next two years, as of 7/1/2020:

Chair – Gary Sawyers

Vice Chair – Jerry Clifton

Sec/Treas – Carolyn Miller (if willing; Gary Truex if not)

Directors (2) – Gary Sawyers and Timothy VanReenen

Chairman Sawyers signed the 7-1-3U agreement and sub-agreement made with the WVCA and the Greenbrier County Commission.

Shirley Hyre sent out nominating forms for Carroll Greene, Honorary Member, and Member-At-Large. Nominations are due September 1, 2020.

WVACD quarterly meeting was changed to one day, due to COVID 19.

Marlin Run mowing was completed by SCD. DEP complimented their work. Photos and a copy of the invoice were emailed to Supervisors. Invoice is on agenda for approval.

Since there will be no GVCD Legislative and Awards banquet this year, I have contacted the State Fairgrounds to cancel our reservation for September 10<sup>th</sup>.

Per his delegated authority, Timothy VanReenen approved the following payments and cancellations/suspensions to finalize FY20 AgEP:

Cancellations/Suspensions:

### **Agreed Procedures Engagement (Audit)**

Conservation Districts are asked to begin the Agreed Procedures Engagement (APE) (audit) soon after the close of the fiscal year on June 30<sup>th</sup>. It is important that each district read their audit, and then take steps to correct any findings noted by the auditors. If you have questions, ask Kim or Jeremy.

If you haven't updated your AgEP Administration agreement and addendum for the upcoming year please do so now.

**Site Visits Conducted:****EWP:**

Greenbrier Co Comm. will be advertising the EWP bid in the paper. This is what they are required to do. They are doing the land rights. WVCA will do job oversight. As soon as they get the bids back and award, the work will start. I do not have any information as to how long the bids will be out. They have a process that they must follow. Tammy Tincher and Kelly-Floodplain Coordinator have been working on this.

**CCRs:**

- Site visits have resumed, and we are trying to get caught up on the backlog.

**Stream Permit App:**

- Resumed.

**Weir Removal:**

Donnie Dodd had a meeting with the Town of WSS. The District and WVCA were not invited that I am aware of, and I was not aware of it until the day before. I talked with Donnie and the meeting was about the weir removal. From what I understand, the town does not want the weir removed or worked on now. They want to keep it so that the sediment material can be used by local contractors. They want to be the sole responsible parties for a section of the channel at the weir location. They asked Donnie for guidance. I informed him that they would need to send a letter to the District and the agency to ask for an amendment to the O&M Agreement that they are a party to. I am sure a letter will be forth coming to the District for a meeting.

**O&M**

- The Howards Creek Work Order- needs to be signed so that mowing can move ahead, or the board needs to advise of what process they are going to do there.
- The WVDEP gave high marks to the mowing job at Marlin Run. It was done before the 4<sup>th</sup> of July so that Mr. Zorn would have it cut for the Holiday and any guests at his business.
- Hopefully we can do another round of work on Marlin Run and get the water off the bottom to drain into the creek better. That area can then be mowed also.
